

Agenda – Day 1

Tuesday, April 30, 2019

7:30–8:30am	Breakfast						
8:30–9:30am	Modernizing Integration: Moving from Silos to Agile Integration <i>Juan Carlos Soto, Dennis Ashby, IBM Cloud Integration Team</i>						
9:30–9:50am	Break						
Breakout Sessions	App Integration White Pine I	Architecture Red Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
9:50-10:45am	A01 Escape the App-pocalypse with IBM App Integration <i>Andrew Humphreys</i>	E02 Cloud Integration Platform Introduction <i>Rob Nicholson</i>	D01 How to move big data into and out of ICP <i>Joseph Hansen</i>	G01 API Connect & DataPower-What's New <i>Pramodh VR Ozair Sheikh</i>	M02 From the Enterprise to the Cloud, the evolving world of MQ <i>David Ware</i>		Self Paced plus ... MQ appliance + DP demo (1 hour)
10:50-11:45am	A02 What’s new in ACEv11 <i>Ben Thompson</i>		D04 Data Integration for Multi-Cloud Landscapes <i>Jo Ramos</i>	G02 API Connect Under the Hood <i>Shane Claussen Pramodh VR</i>	M12 Making it easy to develop and support applications with MQ <i>Matt Whitehead</i>	P12 Leveraging Kafka Event Stream for Financial Services <i>Matt Hejnas, Cedrus</i>	
12:00–12:45pm	Lunch						
Breakout Sessions	App Integration White Pine I	Architecture Red Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
1:00–1:55pm	A03 All things HTTP inside ACEv11 <i>David Coles</i>		D02 How High-speed File Transfer impacts your enterprise <i>Joseph Hansen</i>	G03 API Connect & DataPower Performance Best Practices <i>Ivan M. Heninger</i>	M03 Building a fault tolerant, scalable MQ solution <i>David Ware</i>	P10 Migrating traditional MQ to the MQ Appliance Platform <i>Suganya Rane, Prolifics</i>	Self Paced
2:00-2:55pm	A04 Administering ACEv11 <i>Sanjay Nagchowdhury</i>	E01 The Evolving Story for Agile Integration <i>Kim Clark</i>	D05 Successful Data Lake Implementation <i>Jo Ramos</i>	G04 API Connect & DataPower Ask Me Anything <i>Integration team</i>	M04 Your message data is critical, MQ HA makes sure it's available <i>Anthony Beardsmore</i>		
2:55-3:10pm	Break						
	App Integration White Pine I	Architecture Red Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
3:10–4:05pm	A05 Keeping ACEv11 Fed and Watered <i>Sanjay Nagchowdhury</i>		D03 Aspera on Cloud- Enable multi-cloud data transfer, sharing, &more! <i>Jay Migliaccio</i>	G05 Porting APIs from v5 to API Gateway Service <i>Jeremy Geddes, Krithika Prakash</i>	M01 Making sense of queues and event streams <i>Andrew Schofield</i>	P11 IBM MQ RDQM- Easy HA- Easy once you know how <i>Morag Hughson, MQGem</i>	Agile Integration Architecture with App Connect Enterprise instructor-led lab
4:10–5:05pm	A06 Running App Connect Enterprise in Containers <i>Andy Garratt</i>	E03 High Availability for CIP <i>Rob Nicholson</i>	D06 Data Governance <i>Andres Avalos</i>	G06 API Connect & DataPower Extensibility <i>Shane Claussen API team</i>	M07 Monitoring and problem determination of your MQ systems <i>Matt Whitehead</i>		
5:05–5:30pm	Break						
5:30–7:30pm	Community Night						

Agenda – Day 2

Wednesday, May 1, 2019

7:30–8:30am	Breakfast						
8:30–9:30am	Set the Right Integration Foundation for the Future of Your Business Randy Heffner, VP and Principal Analyst at Forrester Research						
9:30–9:50am	Break						
Breakout Sessions	App Integration White Pine I	Architecture Black Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
9:50-10:45am	A07 Becoming an Integration Ace with ACEv11 Sanjay Nagchowdhury	E07 Integrating Blockchain into your business Mark Parzygnat		G07 API Connect Dev Portal Customizations Shane Claussen Pramodh VR	M11 Securing your MQ environment Rob Parker	M05 REST APIs and MQ- What choices do you have? Matt Leming	Cloud Integration Platform instructor-led lab
10:50-11:45am	A08 What's new in App Connect Designer Andrew Humphreys	M01 Making sense of queues and event streams Andrew Schofield		G08 DataPower Architecture, Deployment Best Practice Krithika Prakash Ozair Sheikh	M09 MQ for the Cloud James McGuire	P06 Machine Learning Cybersecurity for IBM API Connect Francois Lacelles, Ping Intelligence	
12:00–12:45pm	Lunch						
Breakout Sessions	App Integration White Pine I	Architecture Black Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
1:00-1:55pm	A09 App Connect Smart Connectors Ben Thompson	E04 Cloud Integration Platform: Ask Me Anything Rob Nicholson		G09 API Connect Deployment, HA, & Migration Best Practice Shane Claussen Pramodh VR	M10 How to implement MQ in a containerized architecture Rob Parker	P01 Making the leap from APIC 5.0x to APIC 2018.x Bryon Kataoka, iSOA	Self Paced
2:00-2:55pm	A10 Using App Connect for Batch Processing Andy Garratt	E09 Modern Integration Patterns		G10 API Connect & DataPower Security Best Practice Shiu-fun Poon Krithika Prakash	M17 Messaging ... Ask us anything Messaging Team	P02 Hybrid Cloud Implementation using API Connect Sunny Goel, Perficient	
2:55-3:10pm	Break						
Breakout Sessions	App Integration White Pine I	Architecture Black Oak	Data Movement Black Oak	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab Mesquite
3:10-4:05pm	A11 How to tame your Hybrid Cloud using App Connect! Ben Thompson	E06 V2018 DataPower Gateway Architectural Deep Dive Krithika Prakash, Jeremy Geddes		M13 What makes MQ on z/OS so special? Matt Leming	M06 Benefiting from the IBM MQ Appliance Anthony Beardsmore	P03 Giving your large organization a new image through a modern API platform Raymond Perry, UMB Mark Lucente, Zilker Technology	Self Paced
4:10-5:05pm	A12 Ready for REST? Using App Connect with REST APIs David Coles		M14 MQ Security Deeper Dive Rob Parker	G13 Automated, Collaborative & Powerful API Testing Pramodh VR	M16 MQ Appliance in the Real World Brian Wilson	P04 Kafka in large enterprises Mark Lucente, Zilker Technology	
Open Night							

Agenda – Day 3

Thursday, May 2, 2019

7:30–8:30am	Breakfast						
Breakout Sessions	App Integration White Pine I	Architecture Black Oak	Data Movement	Gateway/API White Pine II	Messaging White Pine III	Partner Red Oak	Lab
8:30-9:30am	E01 The Evolving Story for Agile Integration <i>Kim Clark</i>	A06 Running App Connect Enterprise in Containers <i>Andy Garratt</i>		M01 Making sense of queues and event streams <i>Andrew Schofield</i>	M02&M03 Medley & Q/A From the Enterprise to the Cloud, Building a fault tolerant, scalable, evolving MQ solution <i>David Ware</i>	G02&G03 Medley API Connect Under the Hood <i>Shane Claussen Pramodh VR</i> API Connect & DataPower Performance Best Practices <i>Ivan M. Heninger</i>	
9:30-9:50am	Break						
9:50–10:45am	A13 App Integration: Ask Me Anything <i>Integration Team</i>	E08 Deploying IBM Integration solutions in Kubernetes <i>Nick Glowacki</i>		G11 Istio, DataPower, and API Connect Best Practice for Microservices <i>Krithika Prakash Ozair Sheikh</i>	M08 Monitoring and problem determination of an MQ z/OS system <i>Matt Leming</i>	A15 Best practices for using ITX Maps in App Connect <i>Paul Stanley, HCL Technologies David Coles</i>	Self Paced plus ... MQ appliance + DP demo (1 hour)
10:50–11:45am	A14 Building Healthcare Integration solutions with App Connect and ITX <i>Ben Thompson Stephanie Fetzer, HCL Technologies</i>	E10 Scaling Integration <i>Rob Nicholson, Kim Clark</i>		G12 API Connect SaaS, Reserved Instance, Multi- cloud Options <i>Shane Claussen Pramdoh VR</i>	M15 Apache Kafka for the Enterprise- IBM Event Streams <i>Andrew Schofield</i>	P08 Containerizing Workloads on ICP <i>Sandeep Chellingi, Prolifics</i>	
12:00–1:00pm	Closing and Box Lunches
